

LOOKING OUT FOR A TALENTED **SENIOR FULL-STACK DEVELOPER**

**EASY APPS FOR PROUD
FACTORY WORKERS**

POWER TO THE OPERATOR
WWW.EZFACTORY.NL

**BOOST YOUR SAFETY,
QUALITY AND EFFICIENCY**

THIS IS YOUR ADVENTURE

You will embark on a very promising scale up of EZ Factory, founded in 2017, to develop generic global innovative mobile solutions for leading companies such as Heineken and FrieslandCampina.

As a part of our very experienced development team you, a senior full-stack developer, will help us craft the future of our applications and help build our SaaS platform with containerization, microservices, continues integration, continues delivery. Your focus as a senior full-stack developer leads to stability, performance and an uninterrupted user experience of our apps.

You can tell your friends & family that you are teaming up with a rapidly growing tech company that makes it so much easier for shop floor factory workers to keep their working environment safe, clean and fit to deliver high performance.

THIS IS YOUR TRACK RECORD

You have a higher professional education or university degree.
You have a broad set of skills to develop mobile solutions.
You are all round with probably some preferent skills.
You are a full-stack developer with a minimum of 5 years experience.
You know your way around on mobile platforms like iOS and Android.
You know your way with Visual Studio, Xamarin, C# and PostgreSQL.
You know your way in implementing patterns like MVC and MVVM.
You have experience with application architecture, WebAPI and .Net Core.
You have the skills for understanding other languages.
You like to take responsibility in Scrum teams and work together.
You have good written and oral communication skills in English.
You live in the Netherlands and you have at least A2 level for Dutch, preferably higher.
You take ownership for personal and team results.
You did not wake up to be mediocre.

THIS IS WHAT WE OFFER

We will scale up together with you.
You will experience growth.
We offer you a great DevOPS team consisting of different disciplines.
We offer a lot of freedom if you take ownership for personal and team results.
We offer hack time to grow your expertise on new technologies.
We offer you regular team events on hands on training and knowledge sessions.
We give room for personal development and training because we value that.
We provide a modern office in Eindhoven.
We provide the hardware that you prefer.
Our team is fun: regular drinks, office games, summer BBQ, team events and of course we offer attractive salary, conditions and perks.
